EXPERIENCE

Full Stack Developer Intern | FTV Saloon | Team lead

Remote | *Jun 2024 – Sep 2024*

- Developed and maintained FTV Saloon's digital platform using **Next.js**, **Node.js**, and **PostgreSQL**, enhancing user engagement and booking efficiency.
- Collaborated with designers and backend engineers to implement responsive UI components and RESTful APIs, ensuring seamless client-server communication.
- Integrated authentication, role-based access, and admin dashboards to streamline salon management operations.
- Improved overall performance and reduced page load time by optimizing frontend assets and API queries.

PROJECTS

AI-Powered Code Review Assistant | Python, Flask, Next.js, FastAPI OpenAI API

Spring 2025

- Created an intelligent assistant that analyzes GitHub pull requests to detect style issues, potential bugs, and suggest improvements.
- Integrated OpenAI API with Flask backend to automate code evaluation, reducing manual review time.
- Enhanced code quality and developer efficiency across multiple repositories.
